| | | | |

This Scheme of Delegation is a systematic way of ensuring that Trust Board Members, Directors, Committees, Local Advisory Boards, Executive Leadership and Academy Principals are clear about who has responsibility for making which decisions in the trust. This overarching Scheme of Delegation covers all decision making in the trust, it complements but does not supersede our Articles of Association or written Scheme of Delegation of Financial Powers referred to in the Academies Finance Policy and Procedure Manual.

Trust Structure

The MAT board provides centralised governance to all schools and has been supported by the development of sub-committees at school level known as Local Advisory Boards (a type of governing committee). MacIntyre Academy Trust believe that it is essential in a small and developing trust to govern a group of schools through a single board, this also creates conditions for realising the benefits of school-to-school collaboration. The structure of the Board is subject to review as the Trust continues to grow and develop.

MacIntyre Academy Trust governance structure is illustrated below:

The Trust is sponsored by MacIntyre Charity, the Memorandum of Understanding (Appendix 1) between the Trust Sponsor and the Academy Members outlines the commitment made by the Sponsor to the Trust. The foundation for the relationship between MacIntyre and the Trust and their

work is based on a shared vision and shared values. Key to this is the primary purpose of the Academy Trust and Sponsor to make a difference to the lives of people with disabilities and their families. MacIntyre fully supports the independence and integrity of the Trust and the uniqueness of each of the Academies. MacIntyre acknowledges that the Trust and the Academies are accountable to the Secretary of State for Education and to the communities that they serve.

All governance and leadership meetings are planned to facilitate the flow of information between the Trust Leadership Group, through the LABs and onto the MAT Board.

Roles and responsibilities

The responsibilities relating to the governance structure of MAT are outlined in the Terms of Reference for each group; Trust Board, Audit and Risk Committee, Local Advisory Board, Trust Leadership Group, Operations Group and the Health and Safety Committee (Appendix 2-5).

The MAT Board delegate responsibility for delivery of the vision and strategy to the Chief Executive Officer (CEO). The MAT board hold the CEO to account for the performance of the trust, including the performance of the academies within the trust. The CEO is accountable to the Board for the performance of the trust as a whole. The CEO line manages Principals holding them to account for the day to day running and performance of the academies.

Much corporate governance delegated by the Trust Board to the CEO, is managed and monitored through the Scheme of Delegation. The Scheme outlines the responsibility and accountability of individuals, boards and committees, as well as offering guidance. However the Quality and Compliance Framework makes a judgement on performance and compliance, ensuring that school improvement activity is focussed where it is required.

At academy level Local Advisory Boards are committees that understand how the academy is led and managed, they have insight into academy needs, and have a role in influencing decision making. They have a direct link to the trust board in case concerns need to be raised.

The role of committees

The Trust Board and CEO establish committees who have delegated authority to make decisions or to provide support and advice which informs the work of the trust board. Such committees include the Trust Leadership Group (TLG), Operations Group, Health and Safety Committee), and the Local Advisory Boards. They are not legally responsible for statutory functions, their responsibilities are outlined in their Terms of Reference.

Underlying Principles

MacIntyre Academies Trust governance structure and procedures are supported by the following principles:

- The Board and Local Advisory Boards will work collaboratively and in partnership at all times.
- The Trust Board, Local Advisory Boards and any subcommittee will work in compliance with their Terms of Reference (Appendix 2-5)
- The Board will make decisions, following consultation with Local Advisory Boards, on matters which affect all academies in the trust: Local Advisory Boards will make recommendations to the Board on matters which affect individual academies.

- Local Advisory Boards and Principals of academies in the Trust should be as autonomous as possible and have as much freedom as possible, whilst remaining aligned to the vision and systems of the MAT.
- Autonomy will be earned for new schools and those joining the Trust once they have achieved good quality and compliance results, and have a proven track record. Prior to this schools will receive a high level of direction from the Board and the CEO.
- Local Advisory Boards and Principals will have maximum delegation of responsibility and decision making for the strategic direction and day-to-day operation of their academies once autonomy has been earned, unless there is a cause for concern.
- The Board will put in place effective arrangements for monitoring and evaluating the performance of Local Advisory Boards and academies.
- The Board will take action, including the full or partial withdrawal of delegated authorities to individuals, groups and Local Advisory Boards should the individual, group, or Local Governing Body, fail to carry out their duties and responsibilities appropriately and effectively.
- The Board will fully consult Local Advisory Boards on proposals for the composition, membership, structure, and terms of reference for Local Advisory Boards, on arrangements for the recruitment and appointment of LAB members.
- The Board will fully consult Local Advisory Boards before putting in place any arrangements which directly affect Local Advisory Boards and before taking any decisions on policy or procedural matters.
- Local Advisory Boards will report regularly and frequently to the Board and will make available all relevant data and information on performance.

Staffing

| ✓ Accountable A Advise ↔ Direction of advice | Staffing | Trust Board | CEO | Head of Support Services | Audit and Risk | Remuneration Function | Head of Care | Principal | Local Advisory Board | Accounting Officer | Trust Business Manager | Engagement and Families | School Improvement Partner |

Scheme of Financial Authorities

Macintyre Academies Trust operates a centralised financial structure. In the current stage of the Trusts development we believe that this is the most effective and beneficial model. A centralised structure lifts the burden of responsibility on schools who have other pressures. The model allows us to maximise efficiency and procurement savings. The academies maintain their autonomy because they can still purchase what they need in line with their budgets.

In brief in a centralised structure the MAT is responsible for:

- Statutory reports
- VAT
- Audit
- Month end reconciliations
- Central payment runs
- Bank reconciliations

The Academies are responsible for:

- Purchase orders/GRNs
- Petty cash/charge cards
- Academy payment runs

Roles

MacIntyre Academies Trust is regulated by the Department for Education. Trust Members, Directors (collectively the Trust Board) and Local Advisory Boards have different but complimentary roles and responsibilities to safeguard trust financial resources, ensure that public money is well spent and avoid conflicts of interest. Each group works under its own Terms of Reference which identifies roles, responsibilities and ways of working.

MAT operates in line with its articles of association and funding agreement with the DfE and ensures its compliance with all financial guidance issued by the Education, Skills Funding Agency (ESFA) and the understands that it must seek prior approval from the ESFA for some transactions.

Accounting Officer

The Accounting Officer (AO) in MacIntyre Academies Trust is the Finance Director of MacIntyre Charity (Trust Sponsor), they have overall responsibility for the academy's activities including financial activities. They are supported in this by the Trust Business Manager and Responsible Officer. They are personally responsible to Parliament and to the AO of the ESFA for the resources under their control.

The essence of the role is a personal responsibility for the propriety and regularity of the public finances for which they are answerable; for the keeping of proper accounts; for prudent and economical administration; for the avoidance of waste and extravagance; for ensuring value for money; and for the efficient and effective use of all the resources in their charge. Essentially accounting officers must be able to assure Parliament and the public of high standards of probity in the management of public funds.

Much of the financial responsibility is delegated to the Trust Business Manager, Principal and Academy Business Managers but the AO still retains responsibility for:

- Ensuring the annual accounts are produced in accordance with the requirements of the Companies Act 1985 and the ESFA guidance issued to academies;
- Completion of the accounting officer's statement on governance, regularity, propriety and authorising contracts

The Responsible Officer

The Responsible Officer (RO) is appointed by the Trust Board and provides them with independent oversight of the academy's financial affairs. The main duties of the RO are to provide the Trust Board with independent assurance that:

- The financial responsibilities of the Principals and Local Advisory Boards are being properly discharged;
- Resources are being managed in an efficient, economical and effective manner;
- Sound systems of internal financial control are being maintained and
- Financial considerations are fully taken into account in reaching decisions.

The Responsible Officer will undertake a termly programme of reviews to ensure that financial transactions have been properly processed and that controls are operating as lay down by the governing body. A report of the findings from each visit will be presented to the Audit and Risk Committee.

Principles of the Scheme

This scheme of financial authorities for academies within the trust forms part of the trust's scheme of delegation of financial powers which comply with the requirements both of propriety and of good financial management. Arrangements for proposing and approving budgets for each academy in the trust are set out in the trust's financial handbook. It should be noted that:

- The Trust Board is responsible for appointing auditors whose remit will cover all academies in the trust.
- All delegated financial authorities are, in addition to the values stated below, limited to the value of the approved budget for each academy.
- All non-pay expenditure, ordering of goods and services, must be made / committed in accordance with the trust's procurement policy.
- The monetary / percentage limits will be reviewed annually and may be different for each academy.
- The following table summarises the delegated financial authorities for each function.

Financial Processes

| ✓ Accountable A Advise <> Direction of advise | Process | Trust Board | CEO | Head of Support Services | Audit and Risk | Trust Remuneration Function | Principal | Local Advisory Board | Accounting Officer | Trust Business Manager | Internal Audit Function | Business Manager |
