

MESSAGE FROM THE PRINCIPAL

12th May 2017

Dear parents, carers and families

As ever an incredibly busy and joyful week in school.

We have been delighted to welcome three of our children into short breaks this week and as ever, are amazed at how confident and resilient our students are in coping with change.

Our new students this term; Anna and Kieran have settled so quickly, that it is hard to believe they have only been with us for three weeks.

This week we have been joined by the BBC for our 'music for autism' concert. We hope to share the date for when this will be broadcast with you very soon. It was lovely to welcome LVS students to share in the concert by the string players.

Our budding musicians enjoyed an afternoon at the Oxford Montessori School in taking part in a workshop with their students. Thank you to Susan and all of the staff for enthusiasm in arranging for this to take place.

Many of our students have enjoyed working on their gardening skills this week in planting flowers and herbs.

Don't forget to keep up to date with action photographs of our activities on our twitter page: www.twitter.com/MATEndeavour_ac

In recent weeks we have been welcoming many of you to your child's Education Health Care review. Thank you for your attendance, positivity and support.

Date for the Diary

We look forward to welcoming you to our circus afternoon on Friday 09 June from 1:15 – 2:45pm. This will be a fun family afternoon with games, circus entertainment and refreshments provided by the sixth form students.

To finish on this week's quote:

Towards a bright future

Best wishes

Angela O'Rourke
Principal
