24th March 2017

Dear Parents

Nut Allergy

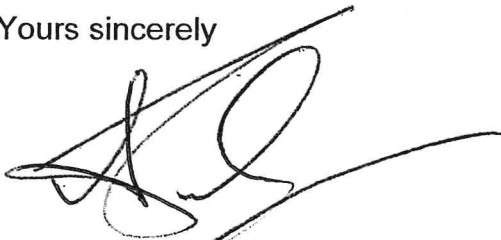

We are writing to inform you that we have a student with a severe allergy to nuts. It is important that there is strict avoidance to this food in order to prevent a life threatening allergic reaction. Please can you help us to protect this student by being vigilant when sending any food into school such as snacks for break time and packed lunches.

If your child has eaten nuts before coming to school, please ensure your child's hands and face have been thoroughly washed before being sent to school.

I would be grateful if you could sign and return the slip at the end of this letter so that we are certain you have received and read this letter.

I thank you in advance for your understanding and cooperation. Please contact me if you have any questions.

Yours sincerely

Angela O'Rourke
Principal
